

Onboarding for Success in a Digital Era of Work

Great onboarding can

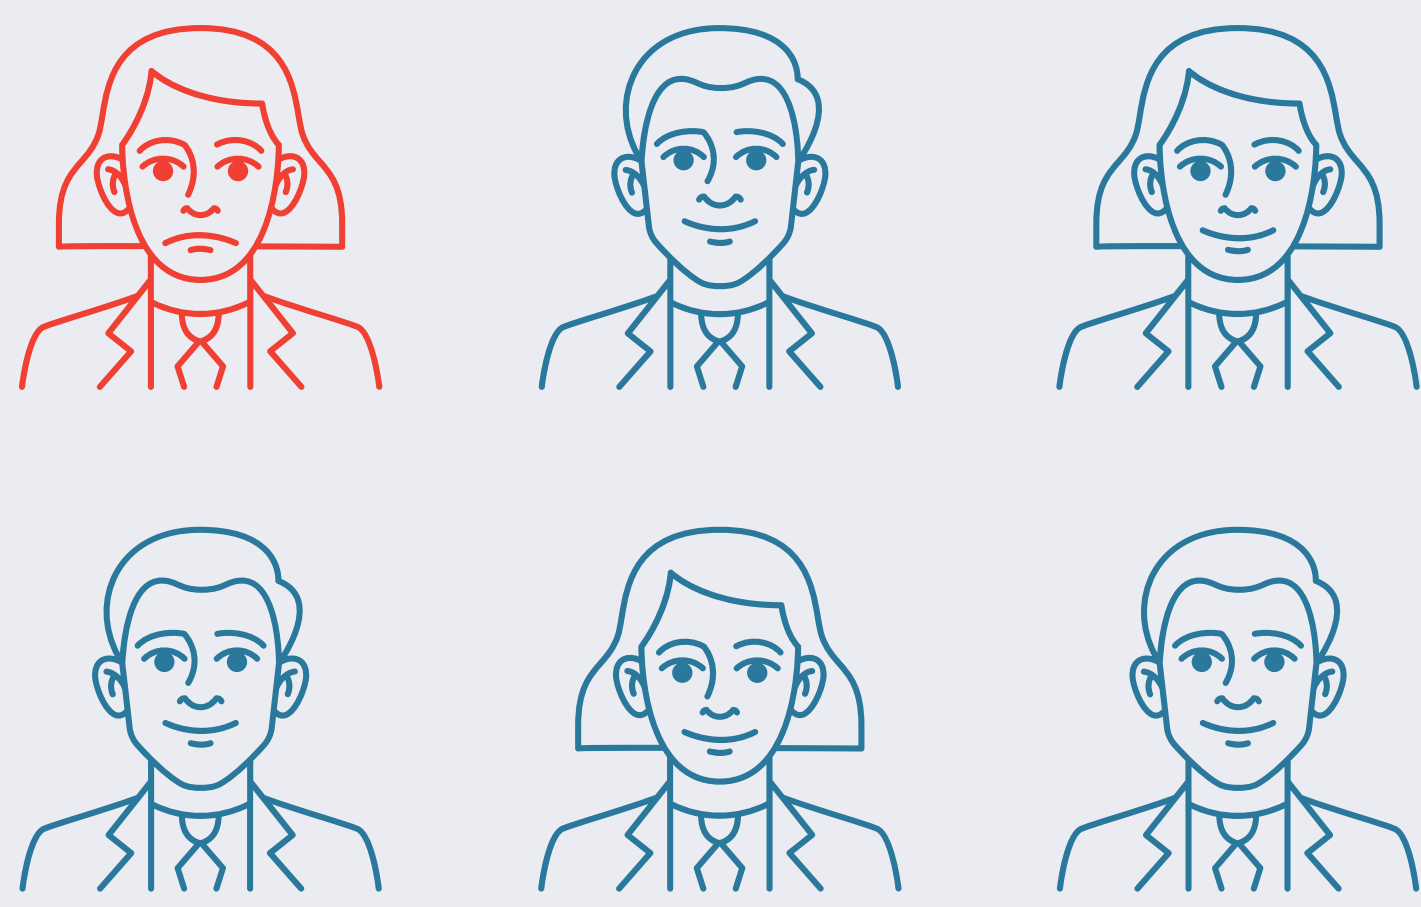

improve employee retention by **82%**¹

improve productivity by over **70%**¹

Yet, HR teams often lack diversified onboarding processes.

16% of HR professionals **did not have a formal onboarding process**²

32% of organizations **only offer in-person onboarding**²

Why?

They're missing engagement at all touch points – both digital and in-person.

With standardized onboarding in place, organizations experience up to a **62% increase in new hire productivity**, coupled with **50% higher new employee retention**³

The most effective programs **leverage tools and technology** to enable success. These companies are **300% more satisfied** than their lower-performing peers⁴

Engagement tools like a digital workplace creates a digital destination for onboarding and enables a hub for all employees to utilize for knowledge management and team connections.
