

Unlock the Full Potential of Your Workforce

Get the most out of your digital workplace with ongoing innovations that enhance productivity and collaboration. Igloo's digital workplace project experts will partner with you to uncover unmatched value based on your organization's unique objectives.

John Posted a message
Shout-out to our Miami location for hitting 140% of their upsell goal!

Julie replied to a message
Thanks! The new promos were a hit with our guests.

Multichannel Communication Suite

Connect everyone across your organization, desked and frontline alike. No matter how your employees work, they can achieve more with a clear line of sight to your corporate priorities.

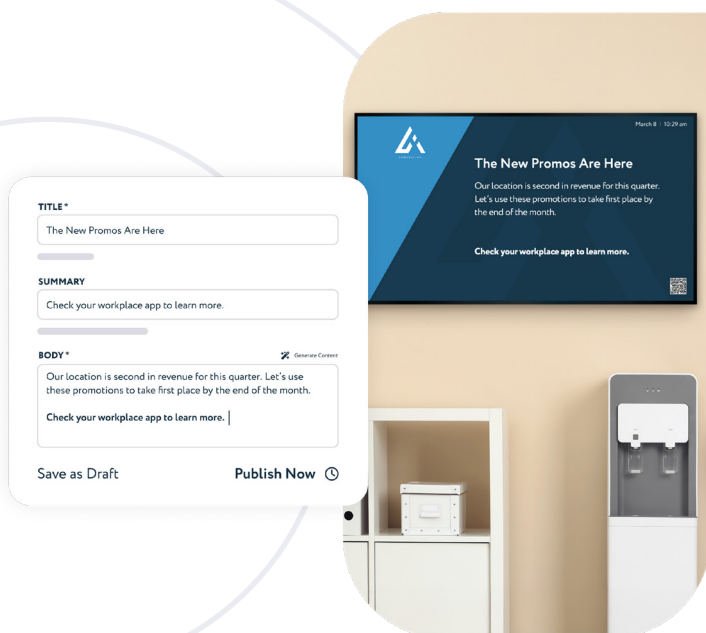

Digital Signage

No devices? No problem. Your messaging goes where phones and computers can't thanks to a centrally managed digital signage solution for your intranet.

Enhanced Notifications

Save time and increase the impact of your communications with modular, branded email templates built to drive engagement at scale across all your employee cohorts.

How can I help?...

What is our vacation policy?

Our corporate **vacation policy** allows for three weeks on an accrual basis. You can review your balances in our HRIS, which can also be used to submit vacation requests to your direct supervisor for approval.

Igloo Digital Assistant

Save time by accessing notifications, action items, and workflows from across your business systems in a single conversational AI chatbot interface within your intranet.

Unlock the full potential of your digital workplace today.
