

## IGLOO FLEX MOBILE APP

# An industry-leading intranet that fits in your pocket

Work can happen anywhere your employees go—especially in organizations with frontline teams. It's time for intranets to catch up.

Based on extensive experience helping organizations succeed with our intranets, Igloo has built all the power of our desktop intranet into an app tailored for frontline employees on the job and office workers on the go.

See how the Igloo Flex Mobile App lets your workforce achieve more, faster, by granting access to personalized information and resources—all packaged in a digital employee experience fit for life without a desk.

The Igloo Flex Mobile App is more than a lightweight tool: it's the full power of your Igloo intranet, optimized for work outside the office.

### Improve employee retention

The Igloo Flex Mobile App gives your workers a direct way to engage with each other and with corporate news, helping them to feel valued and empowered by a personalized digital employee experience.

### Increase productivity

Connect your frontline employees to critical tools, knowledge, policies, and subject matter experts, so they can solve problems in real time and get work done just as fast. The Flex Mobile App is the most convenient and intuitive way to find answers and get work done.

### Enhance safety & compliance

Give every employee easy access to safety policies, training, and procedures so that they can act confidently in a safer work environment. Keep safety top of mind using the mobile app your teams will be enthusiastic to rely on.

### Build engagement & culture

Build out the right digital employee experience for every job type, offering each employee a personalized way to share information, engage with content, and unite to build a digital environment where they enjoy doing their best work.

### Enhanced Search

Connect people to answers faster with a simple but powerful search feature.

### Recommendation Engine:

Keep employees fueled with relevant content using an intelligent recommendation engine..

### Content Creation

Plan, build, schedule, and deliver the right content to keep your teams informed and engaged.

### Extended Access

Give everyone the ability to login and participate, even without a corporate email address.
